**Covering Areas:**

01. Parpbutipur GK, Dinajpur: patient: 300; Operation 50 in Four years
02. Charfession GK: patient: 2000; Operation 290 in Two years
03. KashinathpurGk: Patient: 2400; Operation 100 in Two years
04. Doulotdia GK: Pateint: 600; Operation 60 in Two years

# Eye Operation Project Of Gonoshasthaya Kendra

## Gonoshasthaya Kendra Eye Operation Report

**Reporting Period: 1<sup>st</sup> August 2023 To 29<sup>th</sup> February 2024 (7 Months)**

### Eye OPD Patient:

Patient	Ultra-poor		Poor		Lower Middle class		Middle class		Upper middle class		Rich		OPD		Sub Total		Total
	Male	Female	Male	Female	Male	Female	Male	Female	Male	Female	Male	Female	Male	Female	Male	Female	
Kasinathpur													696	729	696	729	1425
Doulotdia			155	335									8	9	163	344	507
Parbotipur																	
Charfasion													87	82	87	82	169
<b>Total</b>			155	335									791	820	946	1155	2128

During the 7 months of the project period there are 169 patients in Charfasion GK Bhola in 1 medical camp, 1425 patients are in Kasinathpur GK clinic in Pabna and 507 patients are in the Doulotdia GK clinic.

### Eye Operation

Operation	Kasinathpur			Doulotdia			Parbotipur			Charfasion			Total		
	Male	Female	Total	Male	Female	Total	Male	Female	Total	Male	Female	Total	Male	Female	Total
Cataract	5	4	9	12	22	34							17	26	43
Pterigium					2	2								2	2
Abscess															
DCT															
Foreign Body	4		4										4		4
<b>Total</b>	9	4	13	12	24	36							21	27	49

Total 49 patients were operated, out of that 43 Cataract, 2 ptergium, and 4 foreign body removal. Due to the student's registration problem in the medical college prof. Iqbal Hossain not available for Parbotipur and Charfasion camps. In the next 5 months, we will try to overcome the problem as far as possible.

## A Case study of Eye Operation

Name: Karimon Begum, Age: 70 Years

Karimon Begum lives in Sonaula fakir para of Doulatdia union of Gualondoupozelaof Rajbari District. Her husband was a day labourer. Her husband died due to brain stroke ten years back. From then she maintained her family on works at rich family home and a simple agricultural work. She has five daughters and one son. But the son does not help his mother. Therefore, she passes her life on hard work. Her all daughters got married.

She was suffering from eye problem. She cannot see in the left eye. She used some eye drops from local pharmacy and used it. However, no improvement in the eye site, problem increased gradually. One day she met with our village health worker in the village. She told her problem details to the health worker that itching and water come out from both eyes. Health worker advised her to come to our Doulatdia Gonoshasthaya Kendra clinic and consult with Dr Sourav Kumar Biswas and the doctor told her after examination that she is suffering from cataract in the left eye due to old age, so she needs cataract operation in the left eye. Karimon Begum agreed for operation. Then she got admission in Doulatdia Gonoshasthaya Kendra Hospital on 25 February in 2024, after the necessary blood and other examinations were done and she was fit for operation. Her left eye cataract operation was done by Prof Dr Iqbal Hossain on 26.02.2024. The doctor opened her bandage and discharged her on 27.02.2024.

Now she is well and sees clearly in the left eye. She is now again in normal life.
